LAW ENFORCEMENT

FBI: Early probe results took part

September 13, 2001

With U.S. authorities saying they believe they have identified Tuesday's terrorist attacks, investigators cast an interestingly significant number."

FBI Director Robert Mueller said a preliminary investigation of the two planes -- five on each of the two planes that crashed in the Pentagon and in Pennsylvania.

The widening investigation stretched from the Canadian West Coast to Europe, as U.S. investigators enlisted the help of the intelligence agencies.

U.S. Attorney General John Ashcroft said a team of 4,000 support personnel, are working on the largest investigation in the history of the FBI.

Thousands perished when two hijacked commercial jetliners crashed into the towers Tuesday morning, causing the 110-story towers to collapse. Metal, glass and human bodies. A third jet slammed into Pennsylvania.

Among the developments:

-- Attorney General Ashcroft said the pilots who hijacked the planes had ground support.-- Investigators leading the investigation found they found a field of debris six miles away from the crash site.

-- German police detained a male airport worker and b with the investigation.

-- A man who had initially been linked by U.S. authoriti with the FBI after his attorney said his identification ha

No arrests have been made in connection with the dea identified by law enforcement authorities. An unspecifi violations related to their immigration status.
