**By Muslim Mirror News,**

Mumbai: It seems promoting anti Muslim cops is the priority of the government . The appointment of Maharashtra's Anti-Terrorist Squad chief and senior IPS officer Rakesh Maria as new police commissioner of Mumbai is the latest example of this fact. Maria's role has been always questionable in many cases dealing with Muslims from the murder of Karkare to alleged bribing of witnesses to help police case, from the murder of Qateel Siddiqui in Pune jail to implicating Muslim youths in several terror related cases who were later acquitted by courts .

More surprisingly a meritorious and honest IPS officer, Javed Ahmed, due for the post through his seniority, was passed over and the post was given to Rakesh Maria.

Maria's appointment followed a late night meeting between Chief Minister Prithviraj Chavan and Home Minister R.R. Patil, an official said.

Singh had tendered his resignation from the post and sought voluntary retirement as he plans to contest the ensuing Lok Sabha elections.

Maria comes with a rich experience of handling anti-terror operations starting with the probes in March 1993 Mumbai serial bomb blasts, the 2003 twin terror blasts and later investigating the 26/11 terror attacks.

How Maria implicated Mirza Himayat Baig in Pune German Bakery blast case can be seen in the following report of First Post.

Guy's stop this victimhood attitude . Maria is one of the best police officers India has. He is an great patriot who has played mazor role in eliminating national enemies . May be he would have made few mistake which would have caused collateral damage leading to injustice to some innocent youths . To try and portray and discredit all his work based on any isolated mistake is unjustified . Guy who died in Pune jail was an known terrorist and just because some terrorist got away due to loop holes in our legal system doe not make them innocent and gives anyone right to sully whole system . This type of reaction from significant section of Muslims creates suspicion about their intent . In India 80% criminals get away from our legal system due to incompetence and meager resources of our police , does that means that some alien is doing these crimes . Our politician get away in scam does that mean they are innocent . In fact during terror attack on 26/11 it seemed that he was restrained by then commissioner to take actions to mitigate losses. Stop the nonsense of sullyng Karkare's martyrdom by doing so you are insulting family of this brave son of India. Come out from the world of conspiracy theories which seem to have become specialty of Muslim societies all over the world . Israel did 9/11, India self inflicted terror attacks and blamed Islamic radicals , IM does not exists and is creation of IB & CBI , all terrorist caught are innocent and India is targeting Muslims . Floating fantastic theories to negate crime against humanity being done by a section of Muslims inspired by its interpretation of Islam although most Muslims have nothing to do with these animals but it seems large section of Muslim population tries to dilute these crimes by giving legitimacy to these conspiracy theories intended to shift blame and infact to put blame on victim himself . This pattern of conspiracy theories has become very pervasive in gone by decade is . Prior to this they use to to defend terror acts in name of interpreted injustice being done to Muslims . World now understands this strategy of Political Islam and no more non Muslim world can be hoodwinked . This game which started after first world war by Islamic Ideologue like Mr. Maududi of india and Hassan al-Banna of Egypt for setting the agenda of Political Islam for world dominance has been exposed in the age of Internet as no more can these guy's work clandestinely in secrecy by having 2 faces , one for Muslim ummah exhorting jihad by all means , adapting as per the situation they find themselves at that point of time ( when minority use secularism to undermine majority and play victimhood to the hilt , take offence at the drop of the hat and get ballistic , If in majority give no space to non Muslims and keep them in repressive and humiliating subjugation ) to ensure dominance of Islam .Other face for rest of the world which presents Islam as an religion of peace for keeping non Muslims unaware of war ( demographic , Ideological , Financial , political ) preparation of Islamic world till the time they become powerful enough to take over the world. Using taqia very adroitly .

What is shocking is some of blatant communal fascists mindset are defending the indefensible acts of Rakesh Maria. Police officers are assigned the noble duties of defending and protecting the rights of its citizens, follow the general procedural rule of law but unfortunately some of them like Rakesh Maria violates the very principles of law. Protector these noble laws infringes the rights of citizens as enshrined in the Indian Constitution turn into tormentors. It is disgusting to see such officers sitting on high positions of power. They should be dismissed from the police force and prosecuted under IPC for blatant Human Rights violations and inexplicable tales of atrocities committed against your fellow citizens whom they are paid to protect. Its sanghi mindset rancour against Muslims defend the indefensible acts of Rakesh Maria. Maria who ought to be behind bar is still continuing as Mumbai Police Commissioner. Shame Shame Shame

Before commenting on the credentials of Mr Maria, Muslims need to comment on their community to give us the answer of high criminalization among Muslims. Why is it that 99 % of terrorist acts are by Muslims? Why is it that they think a Muslim are innocents despite the dastardly acts by their brothers within and outside India. And why do they need to think that a police commissioner if Hindu by religion cannot be secular ? This is plain ghetto attitude that for Muslims to be safe.. Every head and tail in governance needs to be of their religion only. They never will be part of mainstream with such sick attitude.
