agencies failed to get anything from my son, they created a special atmosphere against him.

Jail authorities in collusion with the Indian intelligence officers have been using third degree torture on him. My son is being treated inhumanly and in a barbaric manner.

My son is being kept in solitary confinement, in Qasab's cell, so that the misdeeds, illegalities, illegal projects of the Indian Intelligence agencies do not come out. Sooner or later, the Indian government will make my son psychologically unfit for trials.”

Daud now wants his son to be shifted to another barrack where he will have the company of other inmates. Jundal himself had earlier filed a writ petition in the Bombay High Court requesting not to be kept in solitary confinement, in Qasab's cell.

The petition is likely to be heard on June 19.
