26/11: Police gather evidence from US

Mumbai, Feb 20 : Police today claimed to have obtained "substantial evidence" from the US against Ajmal Kasab, lone terrorist caught alive during the November 26 terror attacks.

"Documentary and oral evidence has been gathered from the Federal Bureau of Investigation (FBI). We have also recorded the statements of witnesses, who include FBI officials and employees of a

Callphonex, a company that deals in internet calls there," Joint Commissioner of Police (Crime) Rakesh Maria said.

A three-member team led by Additional Commissioner of Police Deven Bharti, which went to US to share the details of terror attacks and gather evidence, returned to Mumbai today.

"The documentary evidence includes telephone records, GPS records, sale and purchase details of dinghy used by the terrorists," Maria said, adding "the evidence we have gathered from US will corroborate the evidence the Mumbai police already has." To seek the assistance of FBI, the Crime Branch had moved an application before the local court for Letter Rogatory(LR).

LR is a letter written by local court to foreign court seeking assistance in the investigation using which the city police gathered the evidence from FBI.
